

Principal's Report to P&C

29 March 2017

CONNECT School Space: The Madeley Primary 'School Space' on Connect was started earlier this term. The Department of Education has provided us with this exciting new tool which we are now using to communicate with parents. With this tool we will be able to share information, create discussions and make important documents available to you. You can access the information from a computer or through the Connect Now app available on your mobile device. We can also provide you with the most up to date calendar of school events.

Every parent should now have received their user name (P Number) and a password.

Promotion of the P&C to the community: The work of the P&C has been promoted via the school newsletter and Connect School Space.

- **10 March:** Newsletter - Our P&C plays a vital role in our school and in the Madeley community. Without them we would not have a canteen or many of the additional resources and equipment that we currently enjoy. The school has a vision to build an amazing 'Nature Play Space' but without fundraising which will come from the P&C this will not be possible. Volunteering to be part of the P&C is something every parent should seriously consider. There is plenty of support for those who choose to get involved as well as the opportunity to make new friends and build contacts in the community. Most importantly, your contribution will make a difference for your kids both now and in the future.
Please come along to the next meeting on March 29 and consider getting involved.
- **24 March:** Newsletter - Our next P&C meeting will be held on March 29th commencing at 7:30am in the Staffroom. Every parent or carer is welcome and encouraged to attend. Your P&C is a group of dedicated parents working to make our school better for your kids so please consider coming along and joining in.
- **27 March:** Connect School Space - The P&C plays a vital role in our school and in the Madeley community. Without them we would not have a canteen or many of the additional resources and equipment that we currently enjoy. The school has a vision to build an amazing 'Nature Play Space' but without fundraising which will come from the P&C this will not be possible. Volunteering to be part of the P&C is something every parent should seriously consider. There is plenty of support for those who choose to get involved as well as the opportunity to make new friends and build contacts in the community. Most importantly, your contribution will make a difference for your kids both now and in the future.

Please come along to the next meeting on March 29 and consider getting involved. The meeting will be held in the Staffroom commencing at 7:30pm. An agenda for the meeting is attached to this notice along with the Minutes of the meeting (AGM) held on 14 February 2017.

School Board Nominations: One nomination was received for the advertised position on our School Board. The place was filled by Mr Mark Paulton.

P&C Funding Submission: Attached to this report is a funding request from Sally Price regarding shade sails across the vegetable garden area.

Stephen Bevan
Principal
27 March 2017

Our Vision

"Madeley Primary School will nurture and promote life-long learners within a positive school community where respect is valued and independence and excellence are expected."
